Mobile: +91 8620 88 1993

Address : Garden Reach, Kolkata, India.

## EDUCATION

---

- **SETGOI - Durgapur**, affiliated under MAKAUT  
Bachelor of Technology (B.Tech) in Computer Science; GPA:7.4/10  
Durgapur, India  
August 2021 - Jul 2025
- **Birla Bharati School, Kolkata**  
Central Board of Secondary Education : 80%  
Kolkata, India  
May 2017 - April 2019

## TECHNICAL SKILLS

---

- Programming Languages: C, C++, Javascript, Java, SQL, NoSQL, HTML, CSS
- Technologies & Frameworks : React.js, Redux Toolkit Node.js, Express.js, MongoDB, Tailwind CSS,
- Tools & Platforms: Visual Studio Code, Version Control, Git, GitHub, Vercel, Google Chrome (Developer Tools)

## PROJECTS

---

### [FacePedia](#)

#### A Social Media Application

- Developed Facepedia, a full-stack social media web application using React, Node.js, Express, MongoDB, and Socket.IO.
- Implemented user authentication & authorization (JWT-based) for secure sign-up, login, and profile management.
- Designed and integrated a real-time chat system with message delivery, read/unread tracking, and online status indicators.
- Built a post creation & feed system supporting text, images, likes, comments, and reactions.
- Added face detection feature that overlays detection boxes on uploaded images using a canvas for an interactive experience.
- Structured scalable backend APIs for user management, posts, comments, likes, and conversations.
- Used Redux Toolkit for state management and ensured smooth UI/UX with Material UI & Tailwind CSS.
- Integrated infinite scroll for posts, dynamic profile pages, and search functionality for users.
- Deployed application using Vercel (frontend) and Render/other cloud service (backend & sockets) for production readiness.
- If you wanna check out my app please [click here](#) and use credentials username : amr@gmail.com password : 1234

### [Portfolio](#)

#### A Portfolio single page app

- Created a clean, minimal UI portfolio using HTML, CSS, and JavaScript, showcasing professionalism and design clarity.
- Highlighted full-stack development capabilities with a dedicated section: "About Me" introducing yourself as a CSE undergrad and MERN stack developer (MongoDB, Express.js, React.js, Node.js).
- Organized presentation with clear navigation: Home, About, Skills, Qualifications, Projects, and Contact Me sections for an intuitive user experience.
- Skillfully displayed technical proficiencies including programming languages (C/C++, JavaScript, Java, Python), frameworks (React, Tailwind CSS, Node.js), and tools (Git, GitHub, Vercel, VS Code).
- Showcased educational background (B.Tech in Computer Science, Higher Secondary, and Secondary Education with institutions, years, and grades).
- Featured multiple diverse projects
